

Hi Sandi

My name is Carl Unger (Frank's Dad). I just saw the Images on your site of my grandson Luke and I had to let you know how great I think they are. I do not have much skill behind the camera but I was the Manager of a large Portrait photo lab from before and during the change over to digital. I have seen and corrected the work of many master photographers and I have to say what you are doing with digital is top notch. I am very impressed with your use of light and shadows which seemed to go away when digital took over. The way you captured Luke's spirit rather than just his image is a rare talent. Thank you for what you do

Respectfully  
Carl Unger

You did it again. You captured some precious moments that just makes my mommy-heart jump for joy. Love the photos. I could barely wait to get into that envelope and check them out. Some of the close-ups of Maddy are just amazing. And of course, I really love the pics of Makena and myself. Makena being the 2nd child, its seems hard to get pics of just her and I, so these are very special for me. I don't know how you do it..but you have the magic touch and catch those moments for us. I love it.

Thank you again!!!

So you can never leave Bellingham.... :) well, i guess you could, but we'd have to fly you back a couple times a year for these pics! The pics are once again amazing. You do such a fabulous job, catching moments (like the one in the driveway or the best pics ever-Lola under the Christmas tree) that other people might miss. Thanks for a great job! See you in 5 months....

These pictures are AMAZING. Evan's personality is shining through each picture. I think one of my favorites is him on the metal whale. Thank you again for your wonderful pictures. We are so lucky to have found you!

Samantha

Hi Sandi,

I've been meaning to thank you for the wonderful pictures you took and for getting us the CD so quickly. Our families really enjoyed looking at them and we printed some up for their houses. It's amazing how much she has changed in just 4 months. It's really hard to pick out favorites in the bunch.

Thanks again for all your hard work! I appreciate it!

Hi Sandi,

We got the picture disk today and they are gorgeous! Love them, love them, love them! I think this might be our favorite batch of pictures yet - so many good ones and different ones as well. Thank you so much!

Hi Sandi,

That was quite an evening- I can't believe how the sky cleared at the perfect moment. You added so much to the spontaneous, quirky ceremony- it couldn't have been more perfect. For a woman who never really wanted to get married, I had an amazing wedding.

We are so glad that last minute we decided to find a photographer- how lucky we are! I had this whim of a thought last night on the way home...maybe Sandi could come down to Portland next summer and photograph our big post nuptial celebration. It's a cool town and I bet we could find a friend to put you up for the weekend. Just a thought.  
We loved your energy!!

Thanks again for everything.

Dear Sandi,

These are beautiful! I love, love, love them! Aaron and I were talking last night and I was telling him how excited I was to see them. We were talking about what wonderful treasures you've given our family over the past 3 years and how in 20 years there is no way we will sit down and say, "jeez, we wish we hadn't spent that money on these pictures..."

Your pictures are priceless and you've made such a positive impression on our whole family. My kids love you and so do we. I think that makes a difference in the pictures you capture.

Hugs,  
Megan

LOVE THEM!!! So excited I can't tell you. Its late and its been a chaotic day...and trust me when I say this was the perfect ending. But you always manage to capture all the special moments and record them. Its amazing the emotions and things you capture .....that I see everyday, but now have for life. Seriously, I don't know how you do it. I always get all freaky if there were good shots or shots I wanted to get...and all worrisome, even though I have no reason to. I guess its the mom thing. And this time I told myself to relax, that Sandi always gets amazing pics. And again, so amazing pics. I'm thrilled and will be the obnoxious mom showing off my photos to everyone! ;)

Can't wait for more with new baby! ;)

Sandi,

I got Hanson's disk earlier this week and I cannot tell you how many times I have looked through them. You truly do an amazing job of capturing his personality. To be honest I kept thinking that with as active as he was that there would only be a handful that were not of the back of his head ;0) My big issue now is which ones I should frame. Thank you again for taking the time (and energy) to capture these wonderful moments on film. We will be seeing you again in the future.

Sandi -

The pictures are fabulous!! Most notable, I feel, are the ones of Kirk (solo)! You caught him with the most natural and genuine smiles... something that is rarely photographed! Your work is amazing!

Thank you so much -

Sandi,

As Ron Weasley would say, "Brilliant!" I love them so much. It truly was a capture of my family in that moment. Yes, indeed, "Signature Sandi."

Have a beautiful summer,

Hi Sandi,

Nice to hear from you again. Hope all is well with you. I think of you from time to time, especially when reviewing the pics from our daughter's wedding. We still think those are among the best pics you have taken and the best we have seen. I have been around photography my whole life as several in my family have been interested in photography. But you capture something in people

and share it with the world. You are right in your profile when you mention bringing tears to eyes. Shannon and Jacob's wedding day was made so much more special for them and us because of what you captured on film. Just so you know, I recommend you to everyone and like I said, I have family members and friends who are also photographers, but yours made memories for us. Keep up the good work!

Thank you so much for a great afternoon! I think Guyan and Owen secretly love you...Guyan was talking about how much fun he had today (I tell you, he was definitely playing things up QUITE a bit--it'll be interesting to see if he acts differently in the future, when he "gets to know you." And you are the first "stranger" in a loooong time that Owen didn't grunt at, and take at least 30 minutes to warm up to. I was shocked!

We had a blast, and can't wait to see the pictures.

Sandi,

We've been so smitten and mesmerized by our new batch of photos that I forgot to send you a note telling you how absolutely very much we love, love, love the photos. They are just so beautiful and capture the entirety of Joaquim's essence. Thank you so much for your inspired work. You have quite a gift with the lens.

See you Sunday. Love, Hedy, Mark, and Baby Quim

Sandi,

I wanted to let you know that we got the pics and I in love with them! I can not tell you how happy I am. I really enjoyed working with you. I will be calling you in the next year for some more pics. I will always tell people about you and your great work. Thank you very much.

Hi Sandi,

We got the disk today. The pictures are beautiful and we feel like you worked a miracle considering the bright light, cranky (sassy) 2 year old, and construction zone surrounding us. It was so much fun looking at the pictures today. We had a great time and are very happy with our photos!

Thanks again!

Hi Sandi,

I just wanted to write and let you know that I finally went and had Brynn's birth photos printed off and they are amazing. I had looked at them on the computer, but to see them printed out was so different. You did such a great job capturing the moment. Thank you so much for them!

We have to say we are SO pleased once again! I figured this time it'd be easier to choose a few good ones because Lola wasn't her normal cheery self that day.... seems I have a lot more work to do to try to narrow them down. They are fabulous!

Hi Sandi,

We got the pictures in the mail a few days ago. We really love each and every one of them.

Thank you!

Thanks so much, you are the best! We have all been talking about the wedding since Sunday, and not only are your pictures beautiful and totally capture the moment, but having you there was like having a long time close friend around who just happened to take good pictures. I have been at weddings where the photographer was bossy and rude, and had to be in the middle and on top of everything. You blended in and were so awesome and easy-going, and your pictures are still outstanding. Your finger clicking is right on, not a second too late or too early, that is a great talent. You capture the emotion and the love a body and face generate, I am beside myself to see the rest of the photos and to have some hanging on my wall and to show off to my family and friends and people who probably don't want to see them (oh well, they can admire them anyway, even if they are some stranger I passed on the sidewalk!) I am a bit prejudiced, but I think Shaun, Alana, Kara and Tyson are the best in whole world. I am a very proud mom! Thanks for being there, and transferring the true beauty of my kids onto a piece of photo paper.

From my heart, you are the best ever.

Hi Sandi,

Just got the photos and they are absolutely beautiful! Thank you so much for taking such wonderful pictures of our son. We will cherish them forever. You'll probably be hearing from us in the future...and you may get some referrals after my family and friends see these. We're so glad we found you.

Katie and Aaron

Thank You! Thank You! You took the best pictures my family has ever seen. What a wonderful gift it was to send my relatives in Florida pictures for Christmas. We loved the card you created also. I hope you get lots of new clients, because everyone asks me for your number! Thank you again for spending so much time making our pictures perfect. I'll contact you again in the spring to book a date!
